Career Objective

Resourceful and adaptable IT professional with a Master's in Computer Applications and strong technical foundation in troubleshooting, system administration, and user support. Skilled in diagnosing and resolving hardware, software, and network issues, managing IT assets, and providing prompt assistance to end users. Eager to contribute problem-solving skills and technical expertise to deliver reliable IT/desktop support in a fast-paced environment.

Education

Sastra University, India   **Sept 22 – July 24**

Master of Computer Application, MCA
- CGPA: 7.26/10.00

Jamal Mohamed College, India   **Jun 19 – Jun 22**

Bachelor of Science, Major in Information Technology, B.Sc. (IT)
- CGPA: 8.40/10.00

Experience/ Project Works

Freelance Front-End Developer (2024-2025)

Technologies: HTML5, CSS3

- Developed and maintained responsive web interfaces using Html and CSS, ensuring seamless user experience across laptops, tablets, and mobile devices.
- Translated Figma UI/UX designs into pixel-perfect, interactive web pages.
- Implemented media queries and flexible grid layouts to support cross-device compatibility
- Collaborated with designers to refine UI components, ensuring brand consistency and accessibility.

Immersive AR/VR Shooting Simulation with Haptic Feedback and Recoil Effects (2024)

Technologies: C#, Unity3D

- Designed and implemented immersive shooting mechanics for VR environments using Unity3D and C#, enhancing player interaction and gameplay experiences.
- Developed an aiming system within a 25-yard range to improve precision targeting, ensuring an authentic and responsive shooting experience.
- Integrated haptic feedback to simulate tactile sensations in real-time, corresponding to in-game actions and enhancing the player's sense of presence.
- Implemented shake effects to simulate recoil, increasing realism and immersion during shooting interactions, and improving user engagement.

Skills Summary

- IT Support & Troubleshooting   : End-user support, hardware/software troubleshooting.
- Programming Languages   : HTML5, CSS3, JavaScript, SQL
- Web Development Framework   : Angular
- Database Management   : MySQL
- Technical Tools   : Git, GitHub, VS Code, NetBeans
- Platforms   : Ubuntu, Windows, Microsoft Office 365, canva
- Language   : Fluent in English and Tamil (both written and spoken)

Course Certifications

- Angular (Udemy)   2022
- C Language (CADD)   2020
- IELTS   2022

Hobbies & Interests

- Traveling and exploring new cultures
- Photography and visual arts
- Artworks, including Henna, Craft, and Interior
